Dr. Harold Dodds
President
Princeton University
Princeton, New Jersey

Dear Harold:

I'm just back from my trip abroad and have been reviewing our correspondence regarding the conference at Princeton December 11 and 12.

On the tentative schedule sent by Mr. Gemmell, I note that my talk is to be after dinner on the 12th, which is just fine so far as I am concerned.

Unfortunately, I will be unable to attend the entire conference, but will plan to be there as early as I can on Wednesday if this is satisfactory. I shall expect to hear from Professor Black before then as to where the dinner will be held, dress, etc.

Faithfully,

Allen W. Dulles
Director
